

The Choice is Yours!

Which MLS Mobile App is best for you?

Rapattoni Edge App - This app is for the power user who needs to get the most out of their mobile MLS. Get real-time MLS data at your fingertips. Use Contacts and Carts that have been synced from your desktop MLS. Revise your listings and upload photos on the go! Stays logged in for 30 days!

Homespotter App - Every home search is a conversation. Homespotter facilitates communication between agents and their clients in a text message interface. Easily find and share listings through a map-based search that can center on your location. Displays showing instructions in agent version. Use your camera to locate listings within a mile of your current location. Share your branded app and chat with your clients via Text, Email, Phone, and Social Media!

BAREIS Pro App by Smarter Agent - Quickly pull up listings surrounding your location. Share your branded app with clients. Login to your app to see confidential and showing instructions.
