

BAREIS MLS® Public Internet Site GreatHomes.org®

Created by:

The BAREIS MLS Board contracted with a local vendor to develop a membership-owned site. Power to offer this service is granted by Bylaws, Rules, and Broker agreements. Members are permitted to frame and/or link to GreatHomes.org.

General Comments:

In 1998, the BAREIS MLS Board established this site to promote the listings of our members because many members were requesting a site that is updated frequently, and could be used to enhance the member's Internet site. The site includes all property types. BAREIS hires a vendor to operate the site.

2. Internet site is updated every thirty minutes.
3. Includes listings with the "pass to Internet" flag (entered in listing input) set to yes.

5. Only includes data permitted for public access.
6. Property display includes the Listing Broker contact information (firm name, listing agent name, phone number, address, email).
7. BAREIS' vendor may offer opportunity to Brokers to "enhance" listings, but may not sell advertising to members.
8. Ownership of the data and copyrights remains with BAREIS MLS.
9. All data must be removed upon cancellation or expiration of the contract with BAREIS vendor
10. Broker must have option to exempt listings from transmission and display (provided in listing input).
