Generate IDX Link for Saved Search Results

These links are for an IDX search and IDX displays – only listings from BAREIS MLS that are Active, Contingent, Pending, or Closed that are set to Publish to the internet are eligible to display in the results currently.

Please note, members are not permitted to share their credentials with anyone. IDX links must be obtained by a BAREIS member-user.

1. The criteria in the Property Search link can be customized, i.e added/removed and moved around. You do this by going to Admin tab and selecting IDX Search Setup.

Swap criteria in or out from left to right, and then move it up or down to dictate where it displays on the search page.
